PLEIN AIR LOCATIONS

Kenosha Pass
To his great satisfaction, Walt Whitman was once detained for an hour at Kenosha Summit. From this lofty vantage point on the S&D&PR Railway he penned the following: “At this immense height the South Park stretches fifty miles before me. Mountainous chains and peaks in every variety of perspective, every hue of vista, fringe the view... for a hundred miles or so.” These sentiments are echoed by many contemporary artists.

Cline Ranch
Established in the 1920s, the Cline Ranch has remained in the same family for 90 years. The Territorial-style ranch house, two miles of stream, and 1,600 acres of pristine Colorado ranch land are now available to artists, by reservation only, at (719) 836-4279.

Como
Four 19th century buildings are listed on the National Register of Historic Places in the old railroad town of Como. These and other historic structures are interpreted in the Como Walking Tour brochure. Free copies are available in town at the Mountain Man Gallery or Como Depot Bed & Breakfast.
